Ports	3 USB 3.0 ports
	1 HDMI (supports Max. 3840x2160@30hz video output)

2.0 How to operate

Connection to the computer or mobile device

Connect MediaGear Quad to your computer or mobile device by plug in the Type C connector in to your computer or mobile device's Type C port.

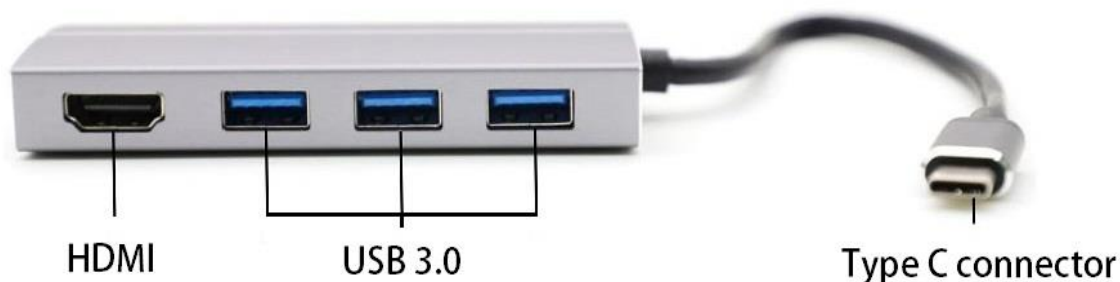

Connecting USB devices

The MediaGear Quad has three USB 3.0 ports. Use the USB ports to connect external USB devices, such as a keyboard and mouse.

Connecting an HDMI display device

You can connect the MediaGear Quad to a high-definition television or monitor through the HDMI port. To transmit video signals through the HDMI port, you need a HDMI cable (purchased separately).

3.0 Connection graph
